TESTIMONY

The month you all prayed for me was blessed. I am thinking much more clearly now. My mind is less confused. For a while the words (I heard in my head) were gone and have returned some. But there is definitely ground gained. Keep up the good work.

Rev. Grace Michaels and I met a soldier a few weeks ago traveling home on emergency leave because his daughter was having open heart surgery. We prayed for her right there and then, and placed her name on our prayer list.

Last week we met the same soldier, returning to his unit. He came up to us and thanked us deeply for our prayers, and told us that his daughter was now absolutely fine. Praise the Lord for His healing power.

"...the true worshipers will worship the Father in spirit and truth, for they are the kind of worshipers the Father seeks. God is spirit, and His worshipers must worship in spirit and in truth."

PROGRAMS

THE HEALING MINISTRY

The Lord blesses this work with many remarkable healings of body, mind and spirit. At Faith Center and in institutions around the city we pray with the sick and give counsel to those who are oppressed. Through our prayer fellowship, the Circle of Power, we reach out with the healing love of Jesus Christ to people all over the world.

THE CLOWN MINISTRY

Our ministers and volunteers become clowns for Christ, bring love, laughter and toys to children who are terminally and seriously ill. Volunteers are welcome in many capacities, and we invite you to call Faith Center.

THE PRISON MINISTRY

Our work focuses on the importance of each person undergoing a profound personal change, by receiving Christ, so that, upon release, he or she does not simply return to a self-destructive lifestyle. Our current programs include counseling in Georgia's death row.

ANIMAL ACTION

When God gave mankind dominion over the earth and its creatures He did not have in mind the abuse and abandonment of His creatures, nor their torture in scientific experiments. Nevertheless these things happen on a vast scale. We, therefore, give a very high priority to working against such abuse wherever we can.

NEWSBRIEFS

THE CLOWN MINISTRY

Atlanta: Our special thanks to everyone who responded to our Toy Appeal, and to the Atlanta TV stations, which broadcast that appeal. From your contributions we plan to purchase a children's movie, having discussed with Egleston Hospital what would be most useful to them for the children. We also hope to produce a videotape of the clowns in action, which can be distributed to hospitals. This is especially beneficial for children, who, owing to the critical nature of their condition, are unable to see the clowns in person.

Rev. Nathania Gartman (Daffydil) is obviously making this child in Grady Hospital happy as she and Rev. Grace Michaels (Lilac) lead the kids in a chorus of "Clap Your Hands."

Two reports from a recent visit to Egleston by the clowns illustrates the positive effects on parents and children alike. A mother visiting the hospital while her child was undergoing surgery was greatly comforted and relieved by being able to be with the clowns, and requested a picture of herself with them to show her child after surgery. Later as Revs. Nathania Gartman and Grace Michaels were leaving the hospital she rushed up to them and asked them to visit Nicole, a young baby suffering from a variety of major problems, including badly dried and cracked skin and serious weight loss. She took a picture of the clowns with Nicole to be able to send it to Nicole's father in South Carolina, who had met the clowns on a previous visit. A subsequent visit to Egleston revealed Nicole to be much better. Praise the Lord for His healing.

Misty, a young girl with serious respiratory problems, was in an oxygen tent when the clowns visited. She insisted that rather than have the clowns visit her that she visit with them in the playroom where they were entertaining the other children. Despite the difficulties involved, the hospital staff moved her, and the courageous Misty was a very happy child.

Durham N.C.: As we go to press we extend a special welcome to David Riordan, a new member of our prayer fellowship, the Circle of Power, who called and asked to be able to conduct the Clown Ministry in the hospitals in Durham. Welcome, David, and we look forward to hearing of your work with the sick children. God bless you.

NEW FAITH CENTER SOUGHT

We are currently negotiating for an extension to our lease on Faith Center till the end of 1984. This may not be possible, and if that is the case we will accept it as a sign from the Lord that He has an even better building for us elsewhere in the city. Meanwhile, we ask all servants of the Lord in the Atlanta area to keep a lookout for suitable new premises, and to inform us if you see something that could be a possibility. We ask this because we have found from past experience that the Lord often leads us to buildings He has for us through His individual servants rather than by more orthodox means, though, of course, we are keeping all channels open.

WELCOME

Rev. Claire Ives (right) and Rev. Maia Astor-Drayton.

A special welcome to Revs. Claire Ives and Maia Astor-Drayton, who are visiting with us for a few weeks. Both have been recently involved in working with a Foundation animal shelter in California. Both will be involved in our activities during their visit and Rev. Astor-Drayton has already been along on a clown visit and Rev. Ives on a Pet Therapy visit with the elderly.

ANIMAL ACTION

We were contacted recently to pray for a cat with feline leukemia, a common and highly contagious disease among cats. Sadly, before we had a chance to do anything the cat had died, its leukemia being far along. At our animal sanctuary in Arizona we have had some significant success using a treatment developed by a California vet and involving vitamin C. However, before you rush off to the health store, please contact us for information since the treatment requires correct administration and dosage, and we will put you in touch with the relevant authority.

DID YOU KNOW?

The world financial system may be on the brink of collapse. This has been brought about by international banks lending billions of dollars to lesser developed countries, which are now unable to repay the loans. The banks' motive is, of course, the profit to be derived from the high rates of interest charged for the loans. As soon as these countries get into repayment difficulties the banks demand a say in the management of their economies as the price of extending yet further loans at yet higher interest. Tired of being pushed around, a number of countries are threatening to call a moratorium on their loan repayments. If this happens the overextended lending banks will collapse, which will bring in central banks, such as the Federal Reserve, which will try to stave off global financial chaos by printing billions of extra dollars, which in turn will produce massive world-wide inflation. The expected and anticipated collapse of these financial institutions is part of the scenario of these End Times.
